SOFFIT PANELS

Wood Like panels at 1/3rd cost of Wood made of Virgin PVC, aesthetically appealing finishes with nil maintenance
Wholesaler, Retailer & Turn-key project Dealer

Used in: Commercial places, Residences, Hotels, Restaurants, Colleges, Schools, Religious places etc.

BAFFLE CEILINGS

Aesthetically appealing, budget friendly, acoustic ceiling with nil maintenance can be used in the place of Aluminium or Wood which are quite expensive and needs maintenance. Warranty life-long.

Used in: Commercial Places, Showrooms, Restaurants, Hotels, Hospitals, Offices etc.

STONE VENEER

Flexible Stone Veneer are thin layer of Natural Stone (2 mm thickness) with Fibreglass backing. It is made from a thin layer of stone stripped or peeled from a Metamorphic Natural Stone.

Used in: Can be used on Surfaces like Glass, Plywood, Steel, Wall (Exterior & Interior), Pillars, Cabinets, Counter faces, Doors, Rest rooms etc.

Lifetime: 75 years when properly laid and maintained.

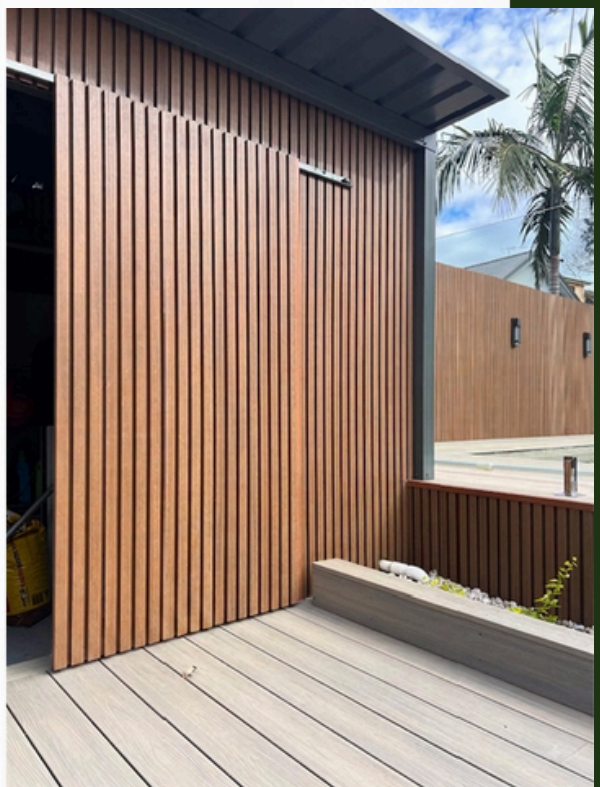

WPC / PVC

Wood-Plastic Composite (WPC) is a combination of the natural aesthetics of wood and the durability of plastic to produce a long-lasting structural component. These composites are made using wood fibres and thermoplastic polymers. Additives and binders are incorporated to enhance the material's performance and characteristics.

It has wide applications like Decking, Cladding, Siding, Fencing, Pergola, Furniture, Façade, Fluted Panel, etc., as it is Termite & Water proof, longer+ life span, highly durable Nil or less maintenance.

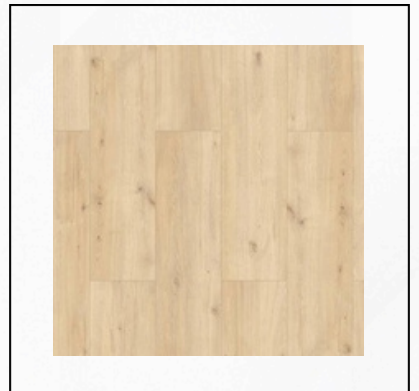

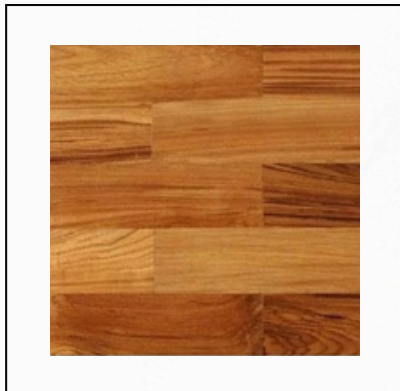

Used in: Residences, Commercial Places, Hospitals, Hotels, Restaurants, Offices etc.

LAMINATE WOODEN FLOORING

It is a best alternate for Solid wood flooring. This product require minimal maintenance unlike Natural wood. We have revolutionary series of flooring which can be used even in fully submersible condition (100% Water Proof). Dealers of all major National and International brands. It has a life expectancy of 15- 30 years upon proper maintenance.

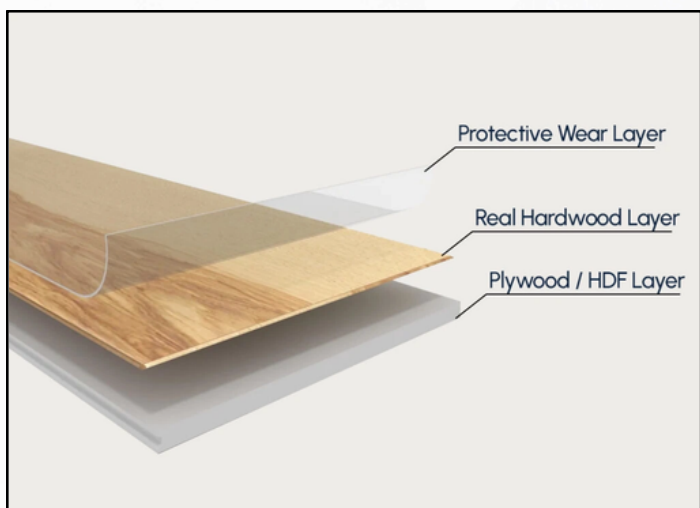

Used in: Residences, Commercial Spaces, Showrooms, Hospitals, Offices etc.

ENGINEERED WOODEN FLOORING

It is an intermediate product between Laminate and Natural wood as far as pricing is concerned. It has 3mm of Natural Veneer with HDF and Wear Layer. Has to be maintained. It has a life expectancy of 40+ years and can be polished and re-polished

Used in: Residence, Commercial Spaces, Hotels etc.

SPC FLOORING

SPC stands for Stone Polymer Composite, referring to the core composed of limestone and plastic stabilizers. The results of combining these elements in the structure of flooring planks is a thin yet very dense core making it extremely resilient and 100% waterproof. It comes in variety of designs like wood, marble, stone etc. Instead of Polishing or removing and re-laying this can be laid over the existing floor quickly as it involves click-n-lock method and can be easily removed and re-used.

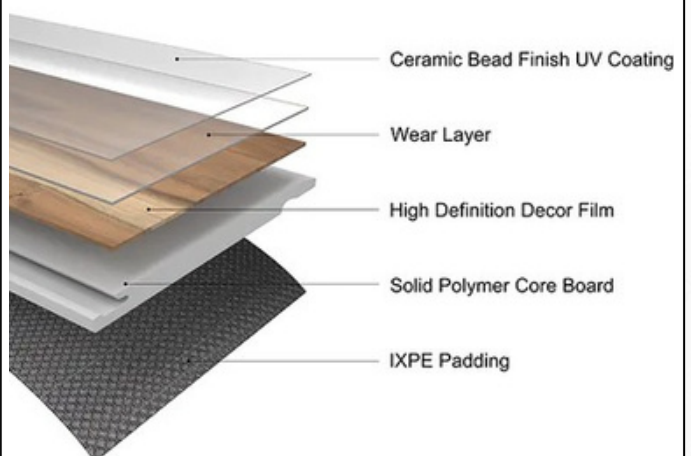

Used in: Residences, Commercial places, Hospitals etc

VINYL FLOORING

Vinyl flooring comes in various colours and styles, from the most budget-friendly to the most luxurious. Sheet vinyl flooring, vinyl flooring planks, and tile vinyl flooring are all forms of vinyl flooring available. If you want the look and feel of hardwood flooring without the price tag or installation time, vinyl plank flooring is a great option! Luxury vinyl tiles may seem like almost any natural stone or vinyl wood flooring in several

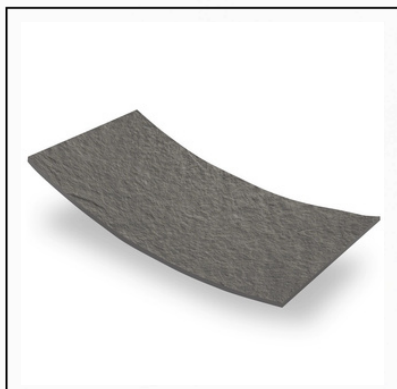

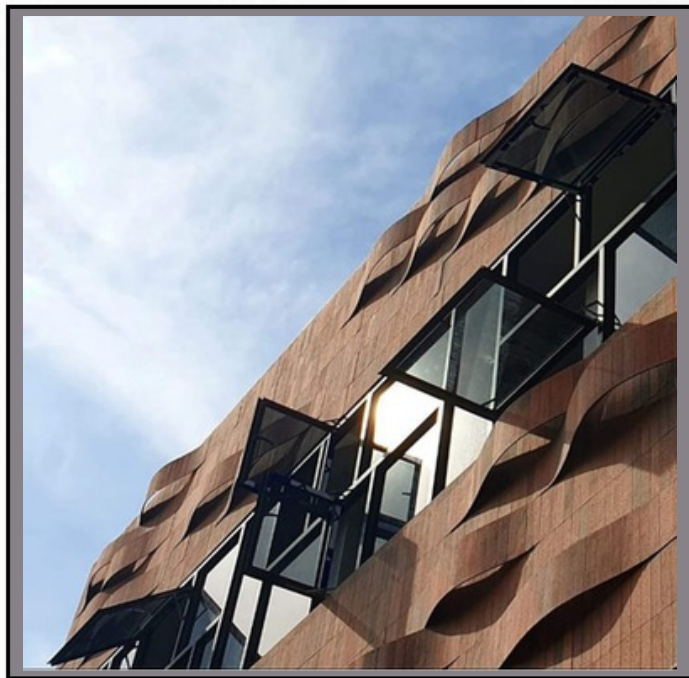

Used in: Residences, Commercial places, Hospitals etc

MCM CLAY CLADDING

MCM clay cladding stands for Modified Clay Material cladding, an innovative architectural surface made from natural clay and mineral powders blended with safe polymers and shaped into thin, flexible sheets

Used in: Exterior Building Facades, Curved Walls and Columns, Interior Feature Walls.

CEILING TILE

Nanoceramic Ceiling tiles, developed using advanced nanoceramic particles, represent a groundbreaking innovation in the ceiling industry. These tiles Offer a host of exceptional benefits, making them an ideal choice for modern construction and architectural projects. Their lightweight design enabled by the incorporation Of nanotechnology not only eases installation but also reduces the overall structural load on buildings. with lifetime warranty.

Authorised Dealer of: JUST LOOK UP Tiles

QUARTZ

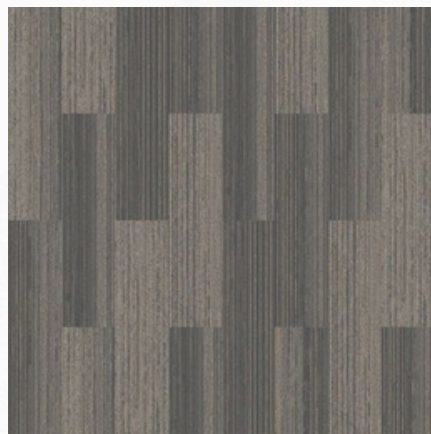

Quartz is a hard, crystalline mineral composed of silicon and oxygen that is widely distributed in the Earth's crust. Quartz is also a common material in engineered surfaces for countertops

CARPETS

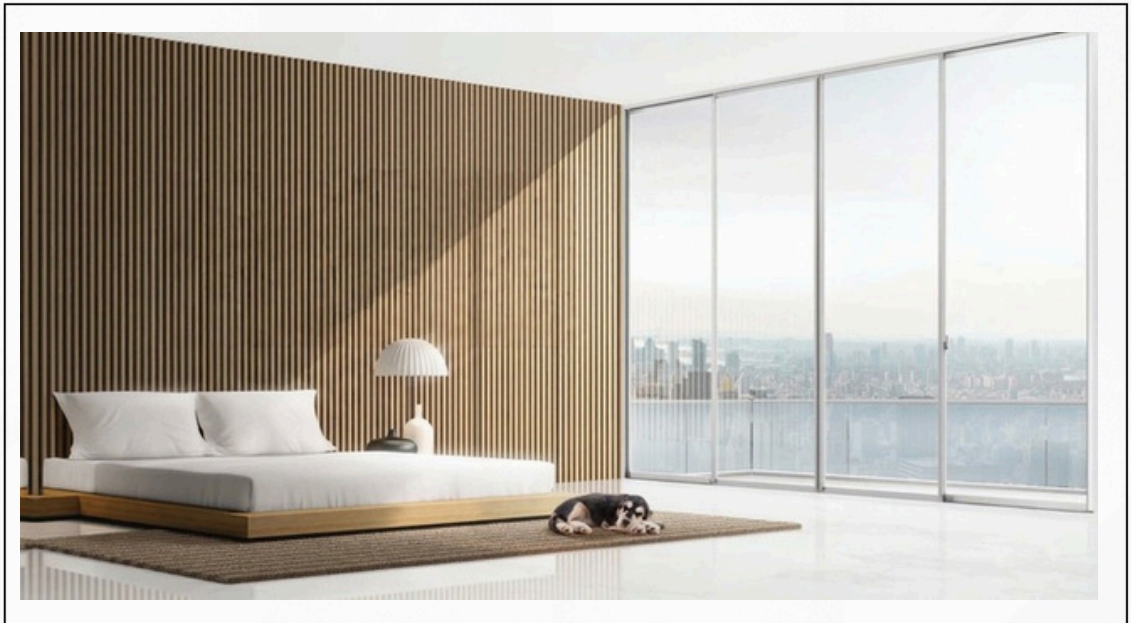

Give warmth to the floor along with appealing and stunning looks etc,. It comes with different shades, as rolls, planks, tiles, in fabrics like Nylon, PP etc.

Used in: Offices, Residences, Hotels etc.

ALUMINUM DOORS & WINDOWS

Premier Japanese pre-engineered aluminum doors and windows, offering durable and modern architectural solutions. Key Features TEXGUARD Coating, EPDM Gaskets, Window-in-a-Box, Slim Design
