UV Coating

Ultimate Protection for
Timeless Beauty ✨

Our UV-coated solid hardwood floors are designed to preserve the wood's rich colors and natural grain patterns. The UV coating acts as a protective shield, safeguarding your floor from fading, discoloration, and wear caused by sunlight. The result is a vibrant and durable floor that maintains its beauty even in high-traffic areas or rooms with abundant sunlight.

Scratch Resistant Technology

Built for Busy Homes

Our scratch-resistant technology ensures your floor stays pristine, even in the busiest households. Whether you have pets, children, or high foot traffic, our floors can withstand it all. The scratch-resistant surface protects against the most common sources of damage, ensuring your floor stays beautiful for years to come.

Easy Installation

Simplicity at Its Best

InstaLay is a game-changing, patented flooring installation system that makes sub-floor prep effortless and eliminates wet adhesives. Its recycled rubber crumb core ensures superior cushioning, durability, and unmatched acoustic performance. Say goodbye to lengthy installs. InstaLay is quick, clean, and simple, saving you time and effort. Perfect for homes, hospitality, retail, and more, it adds comfort and enhances flooring performance. Backed by over 25 years of expertise, InstaFloor guarantees exceptional quality and first-class service.

Benefits Of Instalay

Recycled Rubber Crumb Underlays

- Quick to fit, easy to work with - no messy adhesives in contact with the floor covering
- Can be walked on immediately after the floor covering is installed
- Can be installed directly over existing floor coverings without causing damage
- Elastic cohesion compensates for seasonal movement
- Two adhesive types to choose from-high grab and low grab
- Adhesive membrane provides perfect adhesion and enhances the click joint system
- Provides superb stability, performance and durability, particularly in concentrated high foot traffic areas
- Manufactured using recycled rubber crumb, providing comfort and long lasting acoustic performance
- Hygienic - naturally anti-microbial, anti-allergy, non-absorbent and resistant to decay
- Low VOC's for a healthier environment
- Environmentally friendly and fully recyclable
- Will not deteriorate or collapse over time
- Can be used with underfloor heating systems
- Guaranteed for 10 years
